

COMFORT SEMI-CASSETTE FOLDING ARM AWNING

PREMIUM GERMAN
TECHNOLOGY

COVERED | COMFORT SEMI-CASSETTE FOLDING ARM AWNING

The Covered **COMFORT** Semi-Cassette Folding Arm System is a practical solution for providing continuous shade and protection from the sun's harmful rays.

German Engineering guarantees unparalleled technical strength in combination with a compact and stylish design.

The unique design allows for up to 7000mm (7m) coverage in width and 4000mm (4m) in projection making the Covered **COMFORT** ideal for covering larger areas.

Utilising a heavy-duty torsion bar makes mounting these awning systems to a variety of different fixing options a breeze.

All components are constructed of Marine Grade Stainless Steel and our optional hood profile is extruded from 6061 Structural Grade Aluminium.

“ Thanks to the fabric and matching protective hood, The COMFORT is concealed in the half-cassette protecting it from the environment ”
