PERGOSYSTEM®

They talk about us!

Pergosystem® is the flagship of shadow systems and the most representative brand in **retractable pergola field in Eu-rope**. Pergosystem's fundamental parts are aluminum and PVC fabric. The wide range of pergola models, their unique design and the possibility of formulating them, create a completed brand which can cater to any client's need.

Pergosystem Zerrow Uniq

ZERROW° UNIQ

THE IMPOSING OF THE SIMPLE

The Zerrow° Uniq model is the most recognizable product in the **Pergosystem by Alpha** series.

The simple lines and the square logic in its design give the ideal visual result for any space. The columns and the gutter of the system complete the result, making the system not only beautiful but also functional.

Max Projection 6,50m

ZERRO° UNIQ F

PERGOLA WITH IDENTITY

The **Zerro° Uniq F** (Frame) model is a unique shading system out of the ordinary.

The frame it creates gives the construction the imposingness that befits any space.

Pergosystem Zerro° Uniq FS

CREATING FROM SCRATCH.

The **Zerro° Uniq FS** (Free Standing) pergola is a self-supporting pergola that can be placed in any space. Its self-supported frame makes it perhaps the most flexible pergola as there is no need for pre-existing construction. It follows the Zerro° pattern and allows you to create a space of enjoyment and relaxation from scratch.

ZERRO° AIR

VIEW WITHOUT RESTRICTIONS

Zerro° Air is the hanging pergola of the pergosystem series.

Its support is entirely on the wall and its presence is impressive. It offers the full coverage of a space in combination with the elegant visual result. Enjoy the endless view of a landscape without obstacles and restrictions.

CLASSIC

THE PRINCIPLE OF CREATION

The **Pergosystem® Classic** system remains the most used pergola system as it is the first in a row to be created.

Ideal for existing constructions of metal and wood. Creates a space based on your own preferences. Its thin lines make it almost non-existent to the eye and the ways of support can vary depending on the construction.

GRANDE

ROBUSTNESS FOR LARGE DIMENSIONS

The **Grande** pergola system as its name implies is the largest system in the **Pergosystem®** series.

Its guide is the largest in Greece. This allows us to cover very large areas with a shading system. Without deviating from the design that all the products of the **Pergosystem®** series have, the **Grande** pergola, with its imposing presence, offers a result that certainly does not go unnoticed.
